

PROCESS 2: MANAGE PRODUCTS IN THE STORE

SCENARIO 1: SETUP STORE CATEGORIES FOR LISTING ITEMS AND LISTING CHARGES

Introduction

Relgo marketplace is the platform provided to present products in their own store or third party store and facilitate a transaction, whereas products delivered and fulfilled by wholesalers.

Prerequisites

- Create account in RNC (<http://relgo.com/>)
- Verify and create identity cast.
- Subscribe in RAS (<http://www.relgo.com/ras/>) with generated identity cast.
- Install bootstrap and market place related processes.

Process flow

Overview of the process

- Setup store and classify products with store categories and sub categories.
- Setup listing charges to publish the third party products into our Store.
- Setup configurable Price quote mechanism in store to buy a product with the set of specifications or configuration from customer.
- Setup the customer Post purchase information and send the details to customer.

Overview of the scenario

Setup the store categories for classification of the products and list the products to the respective store category.

Set up Forms

- Store Category.
- Sub Category.

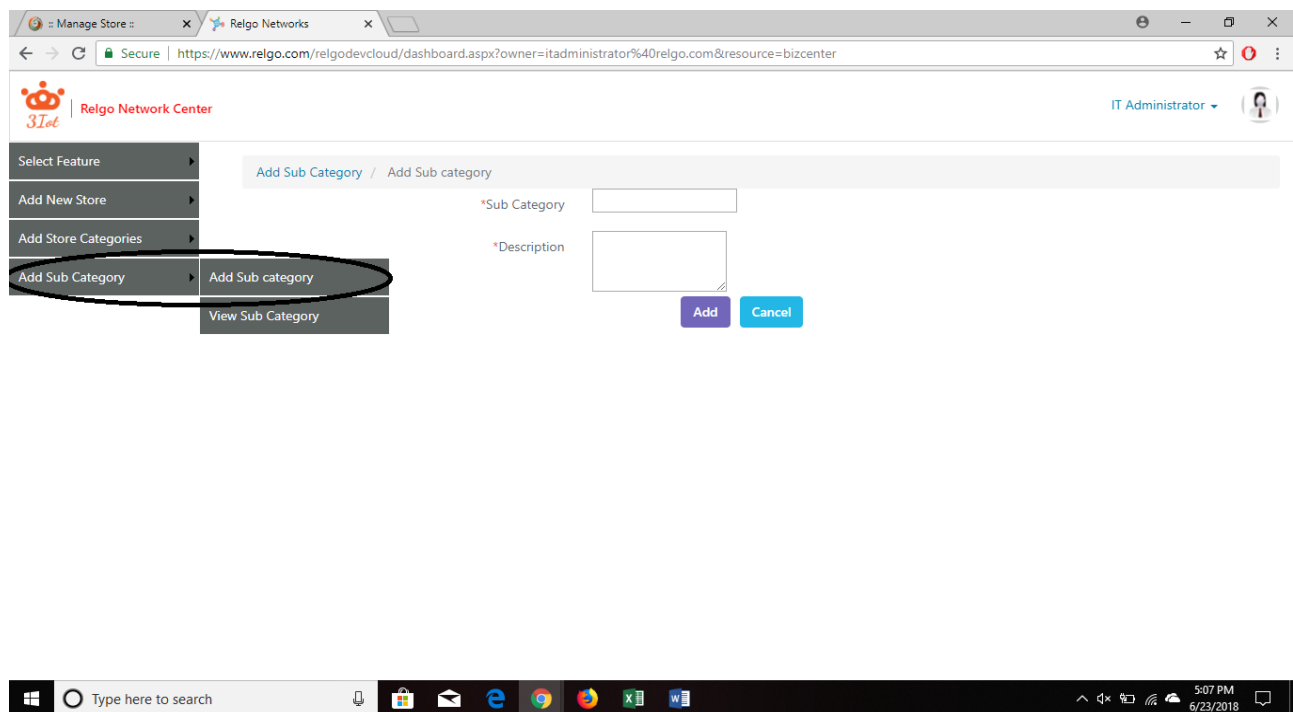

Sample Data

Add Sub Category

1. Sub Category Name: License.
2. Description: create License type category to add license items in store.

Setup Sub Category

1. Login to RNC (<http://relgo.com/>), go to Application → BizCenter → Add Sub Category.
2. Create a Sub Category for Store in Add Sub Category.
3. After adding Sub category, we can see added Sub Category in View Sub Category.

Add Store Category

1. Store Category Name: Applications
2. Description: Create a store category as Applications to classify the items and add respective item in that category.
3. Select Sub Category: License.

4. Commission: 10%.

Setup Store Category

1. Login to RNC (<http://relgo.com/>), go to Application → BizCenter → Add Store Category.
2. Create a Store Category for Store in Add Store Category.
3. Here, we can select added Sub Categories for created Store Category.
4. We can list the charges for store commission to publish the product in Store category and assign the sub category to store category to list the products

The screenshot shows a web browser window with the URL <https://www.relgo.com/relgodevcloud/dashboard.aspx?owner=itadministrator%40relgo.com&resource=bizcenter>. The page title is "Relgo Network Center" and the user is logged in as "IT Administrator". A sidebar menu on the left contains the following items: "Select Feature", "Add New Store", "Add Store Categories" (highlighted with a red circle), and "Add Sub Category". The main content area is titled "Add Store Categories / Add Store Categories" and contains a form with the following fields: "*Store Categorie" (text input), "Select Sub Category" (dropdown menu with "Select Some Options" selected), "commission(%)" (text input), "*Description" (text area), and "Store Description" (text area). At the bottom of the form are "Cancel" and "ADD" buttons. The Windows taskbar at the bottom shows the search bar, task view, and several application icons, with the system tray displaying the time as 5:09 PM on 6/23/2018.
