Introduction

Relgo marketplace is the platform provided to present products in their own store or third party store and facilitate a transaction, whereas products delivered and fulfilled by wholesalers.

Prerequisites

- Create account in RNC (<http://relgo.com/>)
- Verify and create identity cast.
- Subscribe in RAS (<http://www.relgo.com/ras/>) with generated identity cast.
- Install bootstrap and market place related processes.

Process Flow

Overview

Overview of the process

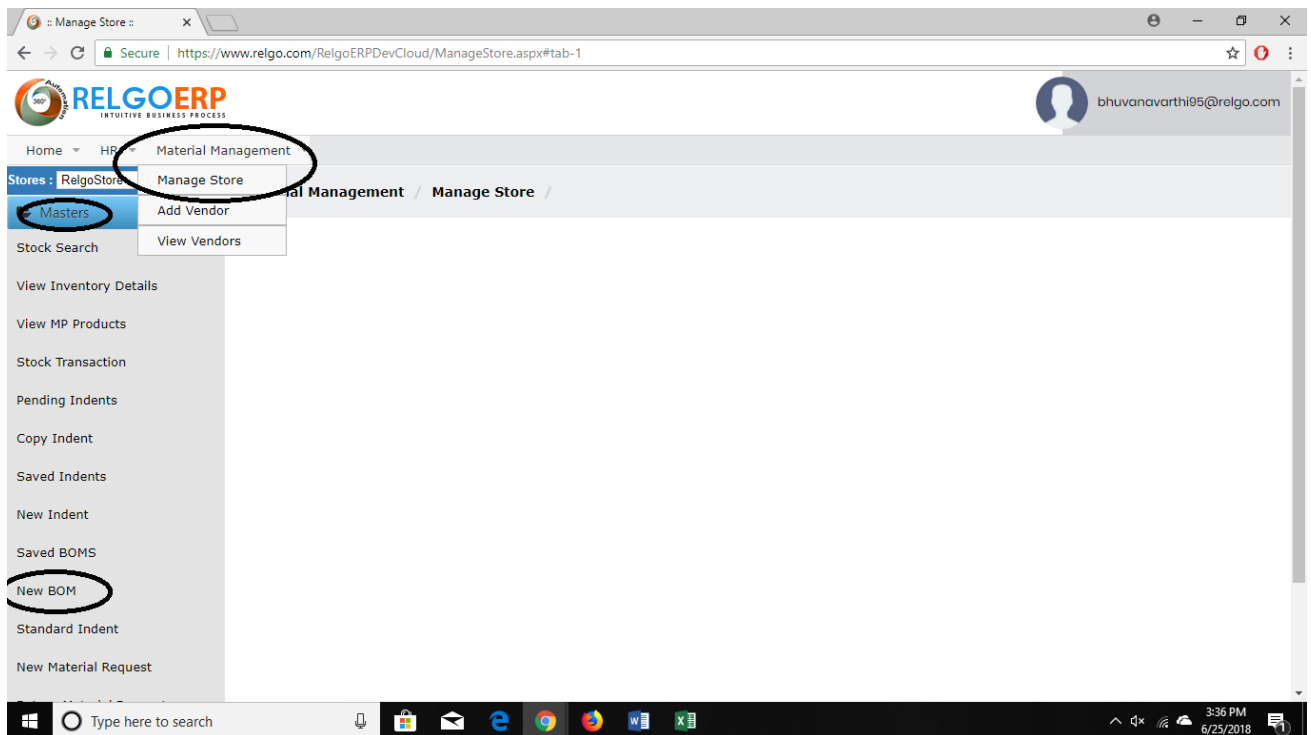

- Setup Order for provisioning.
- Delivery planning for Products.

BOM

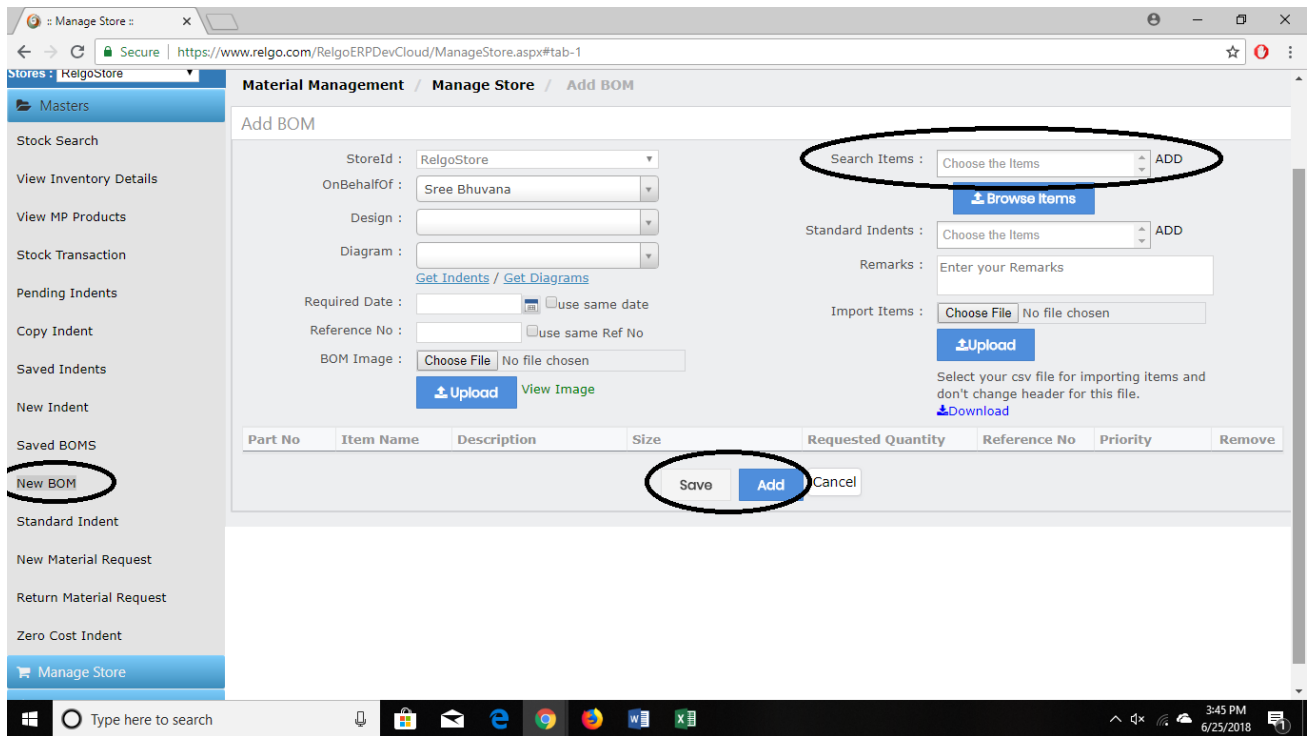

Typically, a BOM is hierarchical in nature, with the finished product at the top. It includes product codes, part descriptions, quantities, costs and additional specifications, Consultancies.

SETUP FOR BOM

Login with Employee account in ERP go to Material Management
→Manage Store →Masters →New BOM

A group of items are added to map for a particular item.

Add items by searching the created items. After adding the items we can Save or Add.
